PROXY STATEMENT

General Information

These proxy materials are delivered in connection with the solicitation by the Board of Directors of United Bankshares, Inc. (“United,” the “Company,” “we,” or “us”), a West Virginia corporation, of proxies to be voted at our 2012 Annual Meeting of Shareholders and at any adjournment or postponement.

You are invited to attend our Annual Meeting of Shareholders on May 21, 2012, beginning at 4:00 p.m. The Meeting will be held at The Blennerhassett Hotel, 320 Market Street, Parkersburg, West Virginia.

This proxy statement, form of proxy and voting instructions are being mailed on or about April 9, 2012.

VOTING INFORMATION

Shareholders Entitled to Vote

Holders of record of United common shares at the close of business on March 12, 2012, are entitled to receive this notice and to vote their shares at the Annual Meeting. As of that date, there were 50,217,487 common shares outstanding. Each common share is entitled to one vote on each matter properly brought before the Annual Meeting.

Proxies

Shareholders of record may vote their proxies by mail, in person at the Annual Meeting, by telephone or by Internet.

Proxies may be revoked at any time before they are exercised by (1) written notice to the Secretary of the Company, (2) timely delivery of a valid, later-dated proxy or (3) voting at the Annual Meeting.

You may save us the expense of a second mailing by voting promptly. Choose one of the following voting methods to cast your vote.

Vote By Mail

If you choose to vote by mail, simply mark your proxy, date and sign it, and return it to us in the postage-paid envelope provided.

Vote By Telephone or Internet

If you have telephone or Internet access, you may submit your proxy by following the instructions on the proxy card.

Vote at the Annual Meeting

The method by which you vote now will in no way limit your right to vote at the Annual Meeting if you later decide to attend in person. **If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the Annual Meeting.**

All shares that have been properly voted and not revoked will be voted at the Annual Meeting in accordance with your instructions. If you sign your proxy card but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors.

Voting on Other Matters

If any other matters are properly presented for consideration at the Annual Meeting, the persons named in the enclosed form of proxy intend to exercise their discretionary authority in accordance with applicable federal and state laws and regulations to vote on those matters for you. On the date this proxy statement went to press, we do not know of any other matter to be raised at the Annual Meeting.

Required Vote and Cumulative Voting

The presence, in person or by proxy, of the holders of a majority of the votes entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions and broker “non-votes” are counted as present and entitled to vote for purposes of determining a quorum. A broker “non-vote” occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

A plurality of the votes cast is required for the election of directors. Abstentions and broker “non-votes” are not counted for purposes of the election of directors.

In the election of directors, shareholders cast one (1) vote for each nominee for each share held. However, every shareholder has the right of cumulative voting, in person or by proxy, in the election of directors. Cumulative voting gives each shareholder the right to aggregate all votes which he or she is entitled to cast in the election of directors and to cast all such votes for one candidate or distribute them among as many candidates and in such a manner as the shareholder desires.

At our 2012 Annual Meeting, the number of directors to be elected is fifteen (15). Each shareholder has the right to cast fifteen (15) votes in the election of directors for each share of stock held on the record date. If you wish to exercise, by proxy, your right to cumulative voting in the election of directors, you must provide a proxy showing how your votes are to be distributed among one or more candidates. Unless contrary instructions are given by a shareholder who signs and returns a proxy, all votes for the election of directors represented by such proxy will be divided equally among the fifteen (15) nominees. If cumulative voting is invoked by any shareholder, the vote represented by the proxies delivered pursuant to this solicitation, which does not contain contrary instructions, may be cumulated at the discretion of the Board of Directors of United Bankshares, Inc. in order to elect to the Board of Directors the maximum number of nominees named in this proxy statement.

With respect to (i) the ratification of the selection of Ernst & Young LLP to act as the independent registered public accounting firm for the fiscal year that began January 1, 2012 and the (ii) approval of, on an

advisory basis, the compensation of United's named executive officers, if a quorum exists, the affirmative vote of a majority of the votes cast is required for approval of such matters. In voting for these matters, shares may be voted "for" or "against" or "abstain". In determining whether the proposal has received the requisite number of affirmative votes, abstentions and broker "non-votes" will be disregarded and have no effect on the outcome of the vote.

On March 12, 2012, there were 50,217,487 shares of common stock outstanding that are held by approximately 7,361 shareholders of record and 14,589 shareholders in street name. The presence in person or proxy of a majority of the outstanding shares of United Bankshares, Inc. will constitute a quorum at the Meeting.

Cost of Proxy Solicitation

We will pay the expenses of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees in person or by telephone, electronic transmission, facsimile transmission or by telegram. Brokers, fiduciaries, custodians and other nominees have been requested to forward solicitation materials to the beneficial owners of the Company's common stock. Upon request we will reimburse these entities for their reasonable expenses.

In order to facilitate and expedite distribution of these proxy solicitation materials to brokers, fiduciaries, custodians, nominee holders and institutional investors, United has retained BNY Mellon Shareowner Services of Jersey City, New Jersey ("Mellon"). Pursuant to a retention letter dated January 9, 2012, Mellon will contact all broker and other nominee accounts identified on United's shareholder mailing list in order to facilitate determination of the number of sets of proxy materials such accounts require for purposes of forwarding the same to the beneficial owners. Mellon will then assist in the delivery of proxy materials to these accounts for distribution. Mellon will also (i) assist in the distribution of proxy materials to institutional investors, and (ii) follow-up with any brokers, other nominee accounts and institutional investors, requesting return of proxies. United is not retaining Mellon to solicit proxies from registered holders or from non-objecting beneficial owners. Mellon's fee for the above services is \$6,500 plus reasonable disbursements that may include the broker search, printing, postage, courier charges, filing reports, data transmissions and other expenses approved by United.

Delivery of Proxy Materials

To reduce the expenses of delivering duplicate proxy materials to our shareholders, we are relying upon Securities and Exchange Commission (SEC) rules that permit us to deliver only one proxy statement and annual report to multiple shareholders who share an address unless we received contrary instructions from any shareholders at that address. If you share an address with another shareholder and have received only one proxy statement and annual report, you may write or call us as specified below to request a separate copy of these materials and we will promptly send them to you at no cost to you. For future meetings, if you hold shares directly registered in your own name, you may request separate copies of our proxy statement and annual report, or request that we send only one set of these materials to you if you are receiving multiple copies, by contacting us at: United Bankshares, Inc., Shareholder Relations Department, 514 Market Street, Parkersburg, WV 26102 or by telephoning us at (304) 424-8800.

List of Shareholders

If a shareholder requests a list of shareholders entitled to vote at the 2012 Annual Meeting for purposes of soliciting the shareholders or sending a written communication to the shareholders, then the Company will either (i) provide the list to the requesting shareholder upon receipt of an affidavit of the requesting shareholder that he will not use the list for any purpose other than to solicit shareholders with respect to the 2012 Annual Meeting; or (ii) mail the requesting shareholder's materials to the shareholders.

PROPOSAL 1: ELECTION OF DIRECTORS

The Board of Directors consists of one class of fifteen (15) directors. Fifteen (15) directors will be elected at our 2012 Annual Meeting to serve for a one-year term expiring at our Annual Meeting in the year 2013. The Company's Bylaws provide that the number of directors shall be at least five (5) and no more than thirty-five (35) with the composition and number of nominees to be set at the discretion of the Board of Directors. For the election of directors at the 2012 Annual Meeting, the Board of Directors established the composition and number of directors to be elected at fifteen (15).

The persons named in the enclosed proxy intend to vote the proxy for the election of each of the fifteen (15) nominees, unless you indicate on the proxy card that your vote should be withheld from any or all of such nominees. Each nominee elected as a director will continue in office until his successor has been elected or until his death, resignation or retirement.

The Board of Directors has proposed the following nominees for election as directors with terms expiring in 2013 at the Annual Meeting: Richard M. Adams, Robert G. Astorg, W. Gaston Caperton, III, Lawrence K. Doll, Theodore J. Georgelas, F. T. Graff, Jr., Douglas J. Leech, John M. McMahon, J. Paul McNamara, Mark R. Nesselroad, William C. Pitt, III, Donald L. Unger, Mary K. Weddle, Gary G. White and P. Clinton Winter, Jr. All of the nominees are directors standing for re-election.

The Board of Directors recommends a vote "FOR" the election of each of these nominees for Director.

We expect each nominee for election as a director to be able to serve if elected. To the extent permitted under applicable law, if any nominee is not able to serve, proxies will be voted in favor of the remainder of those nominated and may be voted for substitute nominees, unless the Board chooses to reduce the number of directors serving on the Board.

The principal occupation, current public company directorships, as well as public company directorships held at any time during the past five years, share holdings and certain other information about the nominees for director are set forth on the following pages.

GOVERNANCE OF THE COMPANY

Board Leadership Structure

The Board of Directors regularly evaluates its leadership structure to ensure it continues to be in the best interest of the Company and its shareholders. The Board of Directors is led by a Chairman selected by the Board of Directors. The Board of Directors does not have a fixed policy regarding the separation of the offices of the Chairman and the Chief Executive Officer, and believes it should maintain the flexibility to establish a leadership structure that fits the needs of the Company and its shareholders at any particular point in time.

Presently, Richard M. Adams, the Company's Chief Executive Officer is also the Chairman of the Board. The Board of Directors believes there are a number of important advantages to continuing to combine the offices of the Chairman and the Chief Executive Officer. The Chief Executive Officer is the director most familiar with the Company's business, industry, regulatory requirements, and markets. As such, he is best situated to lead Board of Directors' discussions on important matters affecting the Company. Combining the offices of the Chairman and the Chief Executive Officer provides unified leadership for the Company, promotes the development and implementation of corporate strategy, and contributes to a more efficient and effective board.

Mr. Adams has worked in the banking industry for more than 40 years, and has successfully served as the Company's Chairman and Chief Executive Officer for more than 30 years. He has the experience and expertise necessary to understand the opportunities and challenges facing the Company, and he possesses the requisite leadership and management skills to promote and execute the Company's values and strategy. He is also a significant shareholder reporting beneficial ownership of 758,016 shares, closely aligning his interests with those of the Company's shareholders.

The Board of Directors recognizes the importance of a strong independent board. The Board of Directors maintains a supermajority of independent directors, designates a lead independent director, has regular meetings of the independent directors in executive session without the presence of insiders, has a succession plan for incumbent management, determines management compensation by a committee of independent directors, and the Company's operations are highly regulated.

P. Clinton Winter, Jr. serves as the Board of Director's Lead Independent Director. The Lead Independent Director's duties and responsibilities include: setting the agenda for and presiding over meetings of the independent directors; advising the Chairman and Chief Executive Officer as to the quality, quantity, and timeliness of the flow of information from the Company's management that is necessary for the independent directors to effectively and responsibly perform their duties; acting as a "sounding board" and advisor to the Chairman and Chief Executive Officer; contributing to the performance review of the Chairman and Chief Executive Officer; and staying informed about the strategy and performance of the Company and reinforcing that expectation for all Board members.

Mr. Winter is the Chairman of the Compensation Committee, and also serves on the Board of Director's Audit, Executive, and Governance and Nominating Committees. He has been a director of the Company since 1996 and is a significant shareholder with reported beneficial ownership of 486,415 shares.

Independence of Directors

The Governance and Nominating Committee of the Board of Directors annually reviews the relationships of each member of the Board of Directors to determine whether each director is independent. This determination is based on both subjective and objective criteria developed by the NASDAQ listing standards

and the SEC rules. The determination made by the Governance and Nominating Committee is then submitted to the Board of Directors to permit the Board of Directors to affirmatively determine whether each director has any relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

The Governance and Nominating Committee met on February 27, 2012, to determine the independence of the current members of the Board of Directors. At the meeting, the Governance and Nominating Committee reviewed the directors' responses to a questionnaire asking about their relationships with the Company (and those of their immediate family members) and other potential conflicts of interest, as well as information provided by management related to transactions, relationships, or arrangements between the Company and the directors or parties related to the directors.

Based on the subjective and objective criteria developed by the NASDAQ listing standards and the SEC rules, the Governance and Nominating Committee determined that the following individuals who served on the Board of Directors at any time during 2011 are independent: Robert G. Astorg, W. Gaston Caperton, III, Theodore J. Georgelas, F. T. Graff, Jr., John M. McMahon, J. Paul McNamara, Mark R. Nesselroad, G. Ogden Nutting, William C. Pitt, III, Mary K. Weddle, Gary G. White and P. Clinton Winter, Jr. Mr. Nutting resigned from the Board of Directors on January 6, 2011.

The NASDAQ listing standards contain additional requirements for members of the Compensation Committee, the Audit Committee and the Governance and Nominating Committee. All of the directors serving on each of these committees are independent under the additional requirements applicable to such committees.

The Governance and Nominating Committee also considered the following relationships in evaluating the independence of the Company's independent directors and determined that none of the relationships constitute a material relationship with the Company.

- United's subsidiaries provided lending and/or other financial services to certain members of the Company's Board of Directors, their immediate family members, and/or their affiliated organizations during 2011 in the ordinary course of business and on substantially the same terms as those available to unrelated parties. These relationships satisfied the standards for independence.
- Bowles Rice McDavid Graff & Love LLP, an entity affiliated with F. T. Graff, Jr., provided legal services to the Company and received payments from the Company for such services during 2011. These payments did not exceed 5% of the Company's or Bowles Rice McDavid Graff & Love LLP's consolidated revenues for 2011, and therefore, the relationship satisfied the standards for independence.
- Astorg & Koreski, PLLC, an entity affiliated with Robert Astorg, provided tax services to the trusts and estates that have named United's trust department as the trustee or the executor. Astorg & Koreski, PLLC received payments from the individual trusts and estates and not from the Company or its subsidiaries and therefore the relationship satisfied the standards for independence.
- United Bank (WV) leases space for one of its branch facilities from Glenmark Holding, LLC of which Mark R. Nesselroad is the Chief Executive Officer and owner. The lease payments did not exceed 5% of the Company's or Glenmark Holding's' consolidated revenues for 2011, and therefore, the relationship satisfied the standards for independence.
- United Bank (WV) leases a drive-in facility from The Ogden Newspapers, Inc. of which G. Ogden Nutting is the Chairman. The lease payments did not exceed 5% of the Company's or The Ogden Newspapers' consolidated revenues for 2011, and therefore, the relationship satisfied the standards for independence.

The Governance and Nominating Committee determined that the following individuals who served on the Board of Directors at any time during 2011 are not independent: Richard M. Adams, Lawrence K. Doll, Douglas J. Leech, and Donald L. Unger. Messrs. Adams, Doll, Leech and Unger are not independent because these directors are currently employed or have been employed by the Company within the last three years.

The Board of Directors reviewed and approved the determinations made by the Governance and Nominating Committee.

Risk Management Oversight

The Board of Directors' role in the risk management process is to provide oversight to ensure an effective enterprise risk management program is in place. This program and the processes related thereto focus on the following six risk categories: credit risk, liquidity risk, price risk, transaction risk, compliance risk, and reputation risk. The Board of Directors, through the adoption of Company policies, defines risk exposure limits for each of these risk categories, taking into consideration the Company's strategic goals and objectives, as well as current market conditions.

The Board of Directors risk management oversight is provided primarily by the Board of Directors' Audit Committee. In addition to overseeing the accounting and financial reporting processes of the Company and the audits of the Company's financial statements, the Audit Committee has oversight of the Company's risk management function. This oversight includes the appointment and annual review of the Company's Corporate Risk Manager, the approval of outsourced or co-sourced risk management arrangements, the review of significant reports to management prepared by the Company's Risk Management Department and the timeliness of management's responses, and the discussion with management regarding the responsibilities, budget, staffing, and scope of the Company's Risk Management Department.

At the management level, the ultimate responsibility for oversight of the risk management function lies with the Corporate Risk Manager. The Corporate Risk Manager is an executive officer of the Company who reports directly to the Audit Committee Chairman. The Corporate Risk manager provides regular risk management reports to the Audit Committee and the full Board of Directors, as well as at meetings of the independent directors.

The Corporate Risk Manager has established a Corporate Risk Management Committee at the Company level, to serve as the Company's primary risk management forum for analyzing policy. The objective of this committee is to promote proper risk management practices throughout the Company and to serve as the vehicle for the oversight of the risk management guidelines contained in the Company's Corporate Risk Management and Control Policy. On a regular basis, the Corporate Risk Management Committee prepares risk management reports for presentation to the Audit Committee and the full Board of Directors.

In addition to the oversight of the Audit Committee, the Board of Directors' Compensation Committee oversees the Company's compensation policies and arrangements to ensure they encourage appropriate levels of risk taking by management with respect to the Company's strategic goals and to determine whether any of them give rise to risks that are reasonably likely to have a material adverse effect on the Company. The Board of Directors' Governance and Nominating Committee also plays a key role related to risk management by ensuring the Company's leadership structure is appropriate and by carefully reviewing the responsibilities of each Board Committee to ensure that all significant risk categories are addressed by at least one Committee. The Audit Committee, the Compensation Committee, and the Governance and Nominating Committee are comprised entirely of independent directors.

Board and Committee Membership

The committee descriptions and membership set forth below are those applicable as of the mailing date of this proxy statement.

During 2011, the Board of Directors met seven (7) times. The Board of Directors of the Company has four (4) standing committees: The Executive Committee, Audit Committee, Compensation Committee, and Governance and Nominating Committee. During 2011, each incumbent director attended 75% or more of the aggregate of the total number of meetings of the Board of Directors and all committees of the Board on which he or she served except for Douglas J. Leech. Although there is no formal written policy, attendance at the annual meeting by directors is expected. Twelve of the fifteen incumbent directors attended the 2011 Annual Meeting. Two of the fifteen incumbent directors, Mr. Leech and Mr. Nesselroad, were not directors of United at the time of the 2011 Annual Meeting and thus did not attend the meeting. The Company's independent directors held two (2) meetings during 2011.

The Executive Committee

The Executive Committee is currently comprised of seven (7) directors, Richard M. Adams, Chairman, W. Gaston Caperton, III, Lawrence K. Doll, F. T. Graff, Jr., John M. McMahon, Gary G. White, and P. Clinton Winter, Jr. The Executive Committee exercises all the authority of the Board of Directors whenever the Board of Directors is not meeting unless prohibited by law or the provisions of the articles of incorporation or bylaws of the Corporation. The Board of Directors has specifically empowered the Executive Committee to investigate mergers and acquisitions by marshaling necessary information and data to evaluate the advisability of mergers and acquisitions and to report their findings to the Board of Directors. The Board of Directors may accept, ratify, approve, amend, modify, repeal or change the actions of the Executive Committee. During 2011, the Executive Committee met two (2) times.

The Audit Committee

The Audit Committee has the primary responsibility to review and evaluate significant matters relating to audit, internal control and compliance. It reviews, with representatives of the independent registered public accounting firm, the scope and results of the audit of the financial statements, audit fees and any recommendations with respect to internal controls and financial matters. The United Bankshares, Inc. Board of Directors' Audit Committee Charter, as approved by the Board of Directors, governs the Audit Committee and is available on the corporate website under Investor Relations and Governance Documents at "www.ubsi-inc.com". Current members of this committee are Robert G. Astorg, Chairman, William C. Pitt, III, Mary K. Weddle and P. Clinton Winter, Jr. The Audit Committee met four (4) times during 2011. All members of the Audit Committee are independent directors as independence is defined in the NASDAQ listing standards and the SEC rules.

Audit Committee Financial Expert

The Board of Directors has determined that all audit committee members are financially literate under the NASDAQ listing standards. The Board also determined that Robert G. Astorg and Mary K. Weddle each qualify as an "audit committee financial expert" as defined by the SEC rules adopted pursuant to the Sarbanes-Oxley Act of 2002. All of the audit committee financial experts are independent as independence is defined in the NASDAQ listing standards and the SEC rules.

The Compensation Committee

The Compensation Committee recommends executive officer and director compensation to the Board of Directors. The Compensation Committee is composed solely of independent directors as independence is defined under the NASDAQ listing standards and the SEC rules. Current members of this committee are P. Clinton Winter, Jr., Chairman, W. Gaston Caperton, III, John M. McMahon, and Gary G. White. The Compensation Committee met three (3) times during 2011. The Compensation Committee is governed by the Compensation Committee charter which is available on the corporate website under Investor Relations and Governance Documents at “www.ubsi-inc.com”.

The Compensation Committee’s primary processes and procedures for consideration and determination of executive compensation can be found in the Compensation Discussion and Analysis section under the headings “Role of Executive Officers and the Committee in Compensation Decisions” and “Overview of Compensation Program.”

The Compensation Committee is also responsible for evaluating the compensation of our directors and recommending changes for consideration by the independent directors of the Board when appropriate. The Compensation Committee uses peer group information when evaluating the compensation of our directors. Compensation for our directors who served on United’s Board of Directors in 2011 can be found in the Director Compensation table on page 44.

The Governance and Nominating Committee

The purposes of the Governance and Nominating Committee are to evaluate and recommend candidates for election as directors, make recommendations concerning the size and composition of the Board of Directors, develop and implement United’s corporate governance policies, approve annual director nominees for and any subsequent changes in the subsidiary banks’ boards, develop specific criteria for director independence, and assess the effectiveness of the Board of Directors.

Nominations to the Board of Directors by a shareholder may be made only if such nominations are made in accordance with the procedures set forth in Article II, Section 5 of the Restated Bylaws of United, which section is set forth in full below:

Section 5. Nomination of directors. Directors shall be nominated by the Board prior to the giving of notice of any meeting of shareholders wherein directors are to be elected. Additional nominations of directors may be made by any shareholder; provided that such nomination or nominations must be made in writing, signed by the shareholder and received by the Chairman or President no later than ten (10) days from the date the notice of the meeting of shareholders was mailed; however, in the event that notice is mailed less than thirteen (13) days prior to the meeting, such nomination or nominations must be received no later than three (3) days prior to any meeting of the shareholders wherein directors are to be elected.

In identifying nominees and evaluating and determining whether to nominate a candidate for a position on United’s Board, the Committee considers the criteria outlined in United’s Corporate Governance Policy and Guidelines, which include the independence of the proposed nominee, diversity, age, skills and experience in the context of the needs of the Board of Directors. While United does not have a separate policy with regard to the consideration of diversity in identifying director nominees, the Committee will review available information about the candidates including gender, race, and ethnicity, as well as the candidate’s diverse individual background and geographic location. United regularly assesses the size of the Board, whether any

vacancies are expected due to retirement or otherwise, and the need for particular expertise on the Board. Candidates may come to the attention of the Committee from current Board members, shareholders, professional search firms, officers or other persons. The Committee will consider and review all candidates in the same manner regardless of the source of the recommendation.

It is the policy of the Board of Directors that if a nominee for director who is an incumbent director does not receive a majority of the votes cast in an uncontested election or at any meeting for the election of directors at which a quorum is present, the director shall promptly tender his or her resignation to the Board of Directors. The Board's Governance and Nominating Committee shall make a recommendation to the Board of Directors as to whether to accept or reject the tendered resignation, or whether other action should be taken. The Board of Directors shall act on the tendered resignation, taking into account the Governance and Nominating Committee's recommendation. The Governance and Nominating Committee in making its recommendation, and the Board of Directors in making its decision, may each consider any factors or other information that it considers appropriate and relevant. The director who tenders his or her resignation shall not participate in the recommendation of the Governance and Nominating Committee or the decision of the Board of Directors with respect to his or her resignation. If such incumbent director's resignation is not accepted by the Board of Directors, such director shall continue to serve until the next annual meeting and until his or her successor is duly elected, or his or her earlier resignation or removal. If a director's resignation is accepted by the Board of Directors, then the Board of Directors, in its sole discretion, may fill any resulting vacancy pursuant to the provisions of the by-laws. In addition, those individual Directors who change their principal occupation, position, or responsibility they held when they were elected to the Board should submit their resignation from the Board. It is not the sense of the Board that in every instance the directors who retire or change from the position they held when they joined the Board should necessarily leave the Board. There should, however, be an opportunity for the Board, through the Governance and Nominating Committee, to review the continued appropriateness of Board membership under the circumstances.

The following is a summary of the minimum stock ownership requirements for outside directors and executive officers:

- Outside directors must beneficially own at least 4,000 shares of the Company's common stock and options;
- The Chief Executive Officer must beneficially own at least 150,000 shares of the Company's common stock and options with a five year period for the Chief Executive Officer to achieve the minimum ownership requirement; and
- The executive officers (not including the Chief Executive Officer) must beneficially own at least 50,000 shares of the Company's common stock and options with a five year period for said executives to achieve the minimum ownership requirement.

The Governance and Nominating Committee is composed of independent directors as independence is defined under the NASDAQ listing standards and the SEC rules. Members of this committee are John M. McMahon, Chairman, W. Gaston Caperton, III, Gary G. White, and P. Clinton Winter, Jr. The Governance and Nominating Committee met three (3) times during 2011. The charter for this committee is available on the corporate website under Investor Relations and Governance Documents at "www.ubsi-inc.com".

Related Party Transactions

Policies and Procedures. The Board of Directors has adopted a written policy and procedure for review, approval and monitoring of transactions involving the Company and "related persons" (directors and

executive officers or their immediate families, or shareholders owning five percent or greater of the Company's outstanding stock). The policy covers any related person transaction that meets the minimum threshold for disclosure in the proxy statement under the relevant SEC rules (generally, transactions involving amounts exceeding \$120,000 in which a related person has a direct or indirect material interest).

Related person transactions must be approved by the Audit Committee of the Board (the "Committee"). At each calendar year's first regularly scheduled Committee meeting, management recommends Related Person Transactions to be entered into by the Company for that calendar year, including the proposed aggregate value of such transactions if applicable. After review, the Committee approves or disapproves such transactions and at each subsequently scheduled meeting, management will update the Committee as to any material change to proposed transactions.

The Committee will consider all of the relevant facts and circumstances available to the Committee, including whether the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third person and whether the transaction violates any requirements of the Company's financing agreements.

In the event management recommends any further related person transactions subsequent to the first calendar year meeting, such transactions may be presented to the Committee for approval or preliminarily entered into by management subject to ratification by the Committee; provided that if ratification shall not be forthcoming, management will make all reasonable efforts to cancel or annul such transaction.

All related party transactions since January 1, 2011, which were required to be reported in this proxy statement, were approved by the Committee in accordance with United's Related Party Transaction Policy.

Description of Related Person Transactions. United's subsidiaries have had, and expect to have in the future, banking transactions with United and with its officers, directors, principal shareholders, or their interests (entities in which they have more than a 10% interest). The transactions, which at times involved loans in excess of \$120,000, were in the ordinary course of business, were made on substantially the same terms, including interest rates, collateral and repayment terms as those prevailing at the time for comparable transactions with persons not related to United and did not involve more than the normal risk of collectability or present other unfavorable features. United's subsidiary banks are subject to federal statutes and regulations governing loans to officers and directors and loans extended to officers and directors are in compliance with such laws and are exempt from insider loan prohibitions included in the Sarbanes-Oxley Act of 2002.

F. T. Graff, Jr., a member of the Board of Directors of United, is a partner in the law firm of Bowles Rice McDavid Graff & Love LLP in Charleston, West Virginia. Bowles Rice McDavid Graff & Love LLP rendered legal services to United during 2011, and it is expected that the firm will continue to render certain services in the future. The fees paid to Bowles Rice McDavid Graff & Love LLP in 2011 were \$1,750,679, which represented less than 5% of that firm's revenues for the year 2011. The legal fees paid to Bowles Rice McDavid Graff & Love LLP were the ordinary and customary fees for such legal services. As partner of the law firm of Bowles Rice McDavid Graff & Love LLP, Mr. Graff's interest in the fees paid by United in 2011 was approximately \$33,250. This amount was calculated based on Mr. Graff's percentage of net income of Bowles Rice McDavid Graff & Love LLP, and was computed without regard to the amount of profit or loss.

United Bank (WV) leases space for one of its branch facilities in Morgantown from Glenmark Holding, LLC pursuant to a written lease agreement dated August 4, 2004 (the "Morgantown Lease"). Mark R. Nesselroad, a member of the Board of Directors of United, is the Chief Executive Officer and owner of Glenmark Holding, LLC. Management believes the Morgantown Lease is on terms comparable to market

terms for similar rental space in Morgantown, West Virginia. The Morgantown Lease provides for an initial term of five (5) years with two (2) successive options to renew and extend the terms of the Lease for five (5) additional years each. During 2011, United paid rent expense of approximately \$196,964 under the Morgantown Lease.

The affirmative vote of a majority of votes cast on this proposal is required for the approval of this proposal. In determining whether the proposal has received the requisite number of affirmative votes, abstentions and broker non-votes will be disregarded and will have no effect on the outcome of the vote.

Shareholder ratification of the selection of Ernst & Young as our independent registered public accounting firm is not required by our Bylaws or otherwise. However, the Board of Directors is submitting the selection of Ernst & Young to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee will terminate Ernst & Young as the Company's independent registered public accounting firm and direct the appointment of a different firm. Even if the selection is ratified, the Audit Committee and the Board of Directors in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its shareholders.

The Audit Committee and the Board of Directors recommends a vote "FOR" the ratification of Ernst & Young as the independent registered accounting firm for United.

AUDIT COMMITTEE AND INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Audit Committee Report

The United Bankshares, Inc. Audit Committee reviews United's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal control. United's independent registered public accounting firm is responsible for expressing an opinion on the conformity of the audited financial statements with U.S. generally accepted accounting principles and on the effectiveness of internal control over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management and the independent registered public accounting firm the 2011 audited financial statements. This discussion included the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as Amended by Statement on Auditing Standards, No. 90, Communications with Audit Committees and as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. In addition, the Audit Committee received from the independent registered public accounting firm the written disclosures and the letter required by PCAOB Ethics

and Independence Rule 3526, Communication with Audit Committees Concerning Independence, and discussed with them their independence from the Company and its management. The Audit Committee determined that the nonaudit services provided to the Company by the independent registered public accounting firm are compatible with the auditors' independence.

In reliance on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, that the audited financial statements and management's report on the effectiveness of internal control over financial reporting be included in United's Annual Report on Form 10-K for the year ended December 31, 2011, for filing with the Securities and Exchange Commission.

No member of the Audit Committee is a former or current officer or employee of United.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax services and other services performed by the independent registered public accounting firm. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. The Audit Committee has delegated to the Chair of the Audit Committee authority to pre-approve permitted services provided that the Chair reports any decisions to the Committee at its next scheduled meeting. During 2011 and 2010, all services related to the audit, audit-related and tax fees described below provided by Ernst & Young LLP were pre-approved by the Audit Committee.

Independent Registered Public Accounting Firm Fees Information

Audit Fees. Fees for audit services were \$829,150 in 2011 and \$658,650 in 2010, including fees associated with the annual audit, the reviews of United's quarterly reports on Form 10-Q and annual report on Form 10-K, and required statutory audits as well as the audit of management's assertion on the effectiveness of internal control over financial reporting.

Audit-Related Fees. Fees for audit-related services were \$255,100 in 2011 and \$225,700 in 2010. Audit-related services principally include audits of certain subsidiaries, employee benefit plans, and other attest services not classified as audit.

Tax Fees. Fees for tax services, including tax compliance, tax advice and tax planning were \$95,350 in 2011 and \$136,275 in 2010.

PROPOSAL 3: APPROVAL OF, ON AN ADVISORY BASIS, THE COMPENSATION OF UNITED'S NAMED EXECUTIVE OFFICERS

In accordance with Section 14A of the Exchange Act, stockholders will be asked to provide their support with respect to the compensation of United's named executive officers by voting on an advisory, non-binding resolution.

The executive officers named in the summary compensation table set forth in this proxy statement and deemed to be United's "named executive officers" are Richard M. Adams, Steven E. Wilson, James B. Hayhurst, Jr., James J. Consagra, Jr. and Richard M. Adams, Jr.

Stockholders are urged to read the compensation information on the following pages of this proxy statement which discusses the compensation policies and procedures with respect to United's named executive officers and vote on the following advisory, non-binding resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation paid to United's named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion.

As detailed in the Compensation Discussion & Analysis beginning on page 22, United's compensation for its named executive officers is in line with its peer group while United's financial performance continues to be superior to its peer group's financial performance. In addition, United's Compensation Committee has reviewed the Company's compensation policies and believes that United's policies do not promote unnecessary risk taking nor are they reasonably likely to have a material adverse effect on the Company.

This advisory vote, commonly referred to as a "say-on-pay" advisory vote, is non-binding on the Board of Directors. Although nonbinding, the Board of Directors and the Compensation Committee value constructive dialogue on executive compensation and other important governance topics with stockholders and encourages all stockholders to vote their shares on this matter. The Board of Directors and the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding United's executive compensation programs.

United is currently conducting the "say-on-pay" advisory vote on an annual basis. The next "say-on-pay" advisory vote is scheduled for the 2013 Annual Meeting of Shareholders.

The Board of Directors and Compensation Committee recommends a vote "FOR" the nonbinding resolution to approve the compensation of United's named executive officers.

COMPENSATION DISCUSSION AND ANALYSIS (CD&A)

Philosophy of Compensation Program

The Company's philosophy is to ensure that the total compensation paid to all of its employees is fair, reasonable, competitive, and aligned with the best interests of our shareholders and that it maintains a balance between risk and reward. United's Compensation Committee (the "Committee"), comprised entirely of independent directors, administers United's executive compensation program consistent with the Company's compensation philosophy. Ensuring that United's compensation program does not encourage excessive risk-taking continues to be a top priority of the Committee, and the Committee monitors the Company's risk profile and risk management process to be sure the Company's compensation policies do not promote unnecessary and excessive risks that may threaten the value of the Company. All elements of compensation for the Company's executive officers, as well as all of its employees, are determined by competitive practices from marketplace data. For example, base salaries fall within salary ranges formulated from competitive salary information for like positions in like financial institutions. This information is developed from salary surveys as well as other peer group information. This compensation data is verified from time to time by outside consultants.

The Company strives to link closely executive and nonexecutive compensation with the achievement of financial and non-financial performance goals. Compensation is based upon corporate performance, business unit performance, individual performance and an individual's level of responsibility. In general, the higher the level of responsibility, the greater the emphasis on corporate performance. It is the Company's practice to provide a mix of cash, equity-based compensation and other non-cash compensation that it believes balances the best interests of the Company's employees and the Company's shareholders.

At our 2011 Annual Meeting of Shareholders, our shareholders were given the opportunity to provide feedback to the Compensation Committee in the form of non-binding advisory vote on the Company's executive compensation program, commonly referred to as a "say-on-pay" vote. Our shareholders overwhelmingly approved the compensation of our named executive officers, with approximately 95% of the votes cast in favor of the say-on-pay resolution approving the compensation of the named executive officers for the 2010 fiscal year. In evaluating compensation decisions for fiscal year 2011, the Compensation Committee was mindful of the strong support the "say-on-pay" resolution received at the Annual Meeting of Shareholders. As a result, the Committee continued to apply the same effective principles and philosophy used in previous years in determining executive compensation. Even though the result of the say-on-pay vote is non-binding, the Board of Directors and Compensation Committee value the opinions that shareholders express in their votes and will continue to consider the outcome of the vote when making future executive compensation decisions.

In addition, when determining how often to hold an advisory vote on executive compensation, the Board took into account the strong preference for an annual vote expressed by our shareholders at our 2011 Annual Meeting. Accordingly, the Board determined that we will hold an annual advisory shareholder vote on the compensation of our named executive officers until the next say-on-pay frequency vote.

United's compensation practices specifically related to its executive officers are presented in more detail in the following discussion and analysis.

Role of Executive Officers and the Committee in Compensation Decisions

As provided in its charter, the Committee has the authority to determine all compensation components for the named executive officers and to approve equity awards to other officers of the Company. The Committee met in February 2011 to act on compensation issues for the named executive officers for 2011 and cash incentive awards for performance during 2010. Prior to the February 2011 Compensation Committee Meeting, the Chairman of the Company's Compensation Committee and the Company's Chief Executive Officer met to review the performance of the company, his performance, the performance of the other named executive officers, and the CEO's recommendations as to the compensation of each named executive officer. The conclusions reached and recommendations based on these reviews, including salary adjustments and annual award amounts, were presented to the Committee. The Committee, without the CEO present, annually reviews the CEO's performance and reaches a recommendation as to his compensation. In addition, the Committee also met in July 2011 and November 2011 to review the Annual Incentive Compensation Risk Assessment, review the Company's Management Succession and Development Plan, discuss the annual evaluation process, review the mechanics of the Company's Leadership Development Program, analyze peer data as it related to executive compensation, and review Board compensation.

Overview of Compensation Program

The Company's executive compensation program is designed to:

- retain executive officers by paying them competitively, motivate them to contribute to the Company's success, and reward them for their performance;

- link a substantial part of each executive officer’s compensation to the performance of both the Company and the individual executive officer;
- encourage ownership of Company common stock by executive officers; and
- discourage excessive risk-taking.

2011 Executive Compensation Components

For the fiscal year ended December 31, 2011, the principal components of compensation for named executive officers were:

- salary;
- annual incentive compensation;
- long-term incentive equity based compensation; and
- retirement and other benefits.

Role of Consultants, Peer Group, Surveys and Benchmarking

The Company uses salary surveys and peer group information when evaluating the compensation of our named executive officers. Periodically, the Committee retains the services of nationally recognized compensation consulting firms to provide independent advice on compensation matters and to review the Company’s compensation program for all executive officers. In 2010, the Committee retained Towers Watson to review market practices in terms of long-term incentives: prevalent designs, features, and implications of various design alternatives. In 2008, the Committee retained the services of Aon Consulting, Inc. (“Aon”) to complete a comprehensive evaluation of the Company’s executive compensation program. The Committee did not use the 2008 Aon report for purposes of benchmarking, but rather as a general reference for the purpose of comparing the Company’s executive compensation program to that of other companies within the industry.

In determining executive compensation for 2011, the Committee used a peer group similar to the peer group used by Aon in its 2008 report. The peer group consisted of banking companies operating in the United States in the same lines of business as United and of similar size (the “Peer Group”). These companies represented diversified markets and fell within a market capitalization range of \$1.0 billion to \$2.0 billion when the peer group was developed. Several peers fell below the \$1 billion level in 2011. Two of the companies from last year’s Peer Group who remained part of the Troubled Asset Relief Program (TARP) and continued to fall below the market capitalization range were replaced by two companies who met the peer group criteria (see tables on pages 27 and 28). At December 31, 2011, United’s market capitalization was \$1.420 billion. The new Peer Group has an average market capitalization of \$1.417 billion. The Peer Group may change from year to year as a result of consolidation in the industry or size of a member of the Peer Group.

The Peer Group consisted of:

- First Midwest Bancorp, Inc. (Illinois)
- BancorpSouth, Inc. (Mississippi)
- FirstMerit Corporation (Ohio)
- Fulton Financial Corporation (Pennsylvania)
- Susquehanna Bancshares, Inc. (Pennsylvania)
- Trustmark Corporation (Mississippi)
- Umpqua Holdings Corporation (Oregon)
- Webster Financial Corporation (Connecticut)

The Committee considered compensation information for the Peer Group gathered from documents filed with the Securities and Exchange Commission and publicly available executive compensation surveys. The Committee also reviewed a summary compensation table which provides an overview of total compensation for each named executive officer. The summary compensation table includes the value of each component of compensation including base salary, annual incentive bonus, stock option awards, change in pension benefit value, change in non-qualified deferred compensation earnings and other compensation. The Committee reviews the compensation table on an annual basis.

Salaries

The first element of the executive compensation program is salaries. Salaries of the named executive officers are reviewed on an annual basis. In recent years, the Committee has been directing a shift in the mix of the Company's executive compensation toward incentive compensation. This strategy is intended to increase the performance orientation of the Company's executive compensation, and the Committee continued this emphasis in 2011. In setting the base salary for the Chief Executive Officer, and in reviewing and approving the salaries for the other named executive officers, the Committee first reviews the history of and the proposals for the compensation for each individual, including cash and equity-based components. In setting the salaries of the executive officers, the Committee considers salaries paid by the Peer Group to executive officers holding equivalent positions, information contained in the consultants' executive compensation reports, corporate performance, business unit performance, individual performance, and an individual's level of responsibility.

Based on the competitive salary data described above, the Committee established a competitive midpoint for a salary range which was used as a guideline to determine the executive officer's base salary for the following year. At its meeting held on February 28, 2011, the Committee decided to increase the base salaries for the named executive officers as reflected in the Summary Compensation Table on page 32. These base salary increases were effective on June 1, 2011. At the request of the CEO, his base salary was not increased.

Annual Incentive Compensation

The second element of the executive compensation program is annual incentive compensation. The purpose of the Company's annual incentive compensation is to motivate and reward executives for their contributions to the Company's performance by making a large portion of their cash compensation variable and dependent upon the Company's performance. The Committee annually adopts a plan for cash incentive awards. In determining the potential maximum annual incentive compensation to which an executive officer may be entitled, the Committee uses a percentage of the base salary as a guideline to determine maximum annual incentive compensation. These percentages are based mainly on recommendations from the Aon Consulting Executive Compensation Report referred to above, cash incentive awards paid by the Peer Group to executive officers holding equivalent positions and published compensation survey data.

This percentage is reviewed and established by the Committee each year and are based on a composite rating of several factors, including the following corporate and individual goals:

- earnings: earnings per share (EPS) growth to \$1.66 and outperform return on average assets (ROA) compared to the Peer Group
- stock: outperform total shareholder returns from 1990, 2000 and the current year compared to the NASDAQ Bank Index, the Peer Group, and potential acquirors
- dividend: increase the dividend over the previous year

- unit performance: subsidiary banks of United meeting profit, loan, and deposit targets; and
- risk management/other: individual objectives, including risk management.

The composite rating components used to achieve awarded percentages of the potential incentive payments were as follows:

	Richard M. Adams	James J. Consagra, Jr.	Steven E. Wilson	Richard M. Adams, Jr.	James B. Hayhurst, Jr.
COMPONENTS	Point Value (%)	Point Value (%)	Point Value (%)	Point Value (%)	Point Value (%)
Earnings	30%	15%	15%	15%	15%
Stock	30%	15%	15%	15%	15%
Dividend	10%	5%	5%	5%	5%
Unit Performance	—	45%	45%	45%	45%
Risk Management/Other	30%	20%	20%	20%	20%
Total Point Value	100%	100%	100%	100%	100%

The financial and individual performance measures for each of the named executive officers are weighted based upon the executive officer's area of responsibility and his ability to influence or affect the results in the designated areas. Company and individual performance measures were communicated to each named executive officer. These performance objectives are aggressive and dependent on factors the Company has control over, as well as factors over which the Company has no control. In order to attain the maximum annual incentive amount, all Company and individual performance goals must be substantially met. Even with strong performance, the maximum level of incentive compensation is difficult to attain.

The maximum potential incentive awards to the named executive officers for 2011 are listed in the table below.

Name/Position	Incentive Potential as % of Base Salary	Awarded % of Potential
	\$ Incentive Potential	\$ Awarded
Richard M. Adams Chief Executive Officer	75% \$536,250	80% \$429,000
James J. Consagra, Jr. Executive Vice President	55% \$154,000	65% \$100,100
Steven E. Wilson Executive Vice President, Chief Financial Officer, Secretary and Treasurer	30% \$ 77,204	52% \$ 40,146
Richard M. Adams, Jr. Executive Vice President	55% \$143,000	85% \$121,500
James B. Hayhurst, Jr. Executive Vice President	40% \$ 96,000	72.5% \$ 69,600

In February 2012, the Committee awarded incentive payments to the named executive officers for their 2011 performance based primarily on: *Earnings*: while earnings per share for the year of \$1.61 fell short of the

\$1.66 target, United produced a strong return on assets of 0.97% substantially outperforming the Peer Group. In addition, the \$1.61 related to the EPS target goal was affected by the merger with Centra Financial Holdings, Inc. which should enhance United's future earnings. Net earnings for the year did increase from \$71.9 million to \$75.6 million; *Stock*: the Company substantially outperformed total shareholder returns from 1990, 2000 and 2011 compared to the NASDAQ Bank Index, the Peer Group and potential acquirors; *Dividend*: the dividend was increased for the 38th consecutive year; *Risk Management/Other*: the Company achieved satisfactory regulatory ratings and asset quality numbers were well ahead of peers. All named executive officers' scorecards were discounted at various levels for Unit Performance or individual objectives, such as not meeting earnings target and/or loan and deposit goals.

Long-Term Incentive Compensation

The third element of the executive compensation program is long-term incentive compensation. In 2010, the Committee retained Towers Watson to analyze and recommend a new long-term incentive plan. Among other things, Towers Watson reviewed market practices in terms of long-term incentives including prevalent designs, features, and implications of various design alternatives. On February 28, 2011, the Committee and the Board approved the 2011 Long-Term Incentive Plan to replace the 2006 Stock Option Plan which expired in May 2011, and directed that it be submitted to the shareholders for approval. At the 2011 Annual Meeting of Shareholders held on May 16, 2011, the shareholders approved the 2011 Long-Term Incentive Plan.

The main component of the long-term incentive compensation program has been the United Bankshares, Inc. 2006 Stock Option Plan (the “2006 Stock Option Plan”). In January 2006, the Committee retained Towers Watson to provide data and recommendations related to the design of the 2006 Stock Option Plan. The Committee recommended and the Company’s stockholders approved the 2006 Stock Option Plan at the Annual Meeting on May 15, 2006. The purpose of the 2006 Stock Option Plan was to reward and retain officers in a manner that best aligns officers’ interests with stockholders’ interests. Under this Plan, the Company may award options for up to 1,500,000 shares of the Company’s common stock over the 5-year term of the plan to qualified officers of the Company and its subsidiaries. Any options granted by the Company will have an exercise price equal to the fair market value of the Company’s stock based on the closing stock price of the Company’s common stock as of the date of grant. The Company’s practice is to grant option awards as of the date approved by the Committee. The Company has never granted an option priced on a date other than the grant date. These stock options will have value only if the market price of the common stock increases after the grant date. Options granted under the plan vest according to a schedule designated at the grant date.

Annual stock option grants for executive officers are a key element of market-competitive total compensation. The Committee approves annual stock option grants for the executive officers based on various

factors including: level of responsibility within the organization, the same performance goals used for the cash incentive awards (excluding unit performance), contributions made to the success of the organization, annual performance goals, compensation peer group data, a review of available published data on senior management compensation, and information contained in the Towers Watson and Aon consulting reports.

In February 2011, the Committee granted stock options to the executive officers based on the criteria listed above as follows:

Name/Position	Number of Securities Underlying Stock Options Granted (#)
Richard M. Adams, Chairman of the Board and Chief Executive Officer	60,000
Steven E. Wilson, Executive Vice President, Chief Financial Officer, Secretary and Treasurer	10,000
James J. Consagra, Jr., Executive Vice President	20,000
James B. Hayhurst, Jr., Executive Vice President	12,500
Richard M. Adams, Jr., Executive Vice President	20,000

Perquisites and Other Personal Benefits

Generally, the Company provides modest perquisites or personal benefits, and only with respect to benefits or services that are designed to assist a named executive officer in being productive and focused on his or her duties, and which management and the Committee believe are reasonable and consistent with the Company’s overall compensation program. Management and the Committee periodically review the levels of perquisites or personal benefits provided to the named executive officers.

Retirement and Other Benefits

United has a defined benefit retirement plan covering substantially all employees hired prior to October 1, 2007. Employees who meet the minimum age requirement, work at least 1,000 hours per year, and were hired prior to October 1, 2007, are covered under the UBSI Defined Benefit Pension Plan (the “Plan”). The cost of the Plan is fully funded by the Company. Employees hired or rehired on or after October 1, 2007, are not eligible to participate in this Plan. The Plan benefit is based on years of service and average salary. Maximum salary levels are set each year based on Internal Revenue Service regulations, and are generally less than the average salary of the named executive officers. These maximum levels limit the qualified pension benefit payout available to named executive officers’ percentage of current base pay.

To provide funding for the shortfall in qualified pension plan benefit, United provides Supplemental Executive Retirement Plan (“SERP”) agreements to the named executive officers. Accordingly, to the extent the named executive officer’s annual retirement income exceeds the limitations imposed by the Internal

Revenue Service, the excess benefits may be paid from the Company's SERP. In 2003, the Company retained Clark/Bardes to implement the Company's Supplemental Retirement Program and to determine its reasonableness and competitiveness in the market place. SERP agreements are generally provided to executives in the banking industry, and the Company considers them a necessary element of a competitive compensation package.

Employment Agreements

None of the named executive officers other than the Company's Chief Executive Officer, Mr. Adams, has an employment agreement with the Company. See the description of Mr. Adams' Employment Agreement under the heading "Employment Contracts of Named Executive Officers" on page 34.

In deciding to enter into an Employment Agreement with Mr. Adams and in deciding to extend the term of Mr. Adams' Employment Agreement, the Company considered the following factors: the Company's consistent long-term success in attaining its performance goals under Mr. Adams' leadership; Mr. Adams' 41 years of service to the Company; and the growth of the Company from a single office \$100 million bank to an \$8.5 billion regional bank holding company during Mr. Adams' 36-year tenure as Chief Executive Officer creating substantial long-term returns to the Company's shareholders.

On February 28, 2011, at the request of Mr. Richard Adams, the Company's Chief Executive Officer, the Compensation Committee amended Mr. Adams' employment contract to align it more closely with the pay practices suggested by Institutional Shareholders Services, Inc. (ISS). In that regard, the Compensation Committee agreed to the following changes suggested by Mr. Adams: (1) the reduction of the rolling term of employment from five years to three years; (2) the amendment of certain termination payments from a payment in a lump sum amount equal to his base salary for a sixty (60) month period, to a lump sum amount equal to three times the sum of his prior year's base salary and target bonus; (3) the elimination of the modified single trigger provision providing for a change in control payment without involuntary job loss or reduction in duties, and the insertion of a double trigger provision requiring both a change in control and involuntary job loss or reduction in duties; and (4) the deletion of provisions entitling Mr. Adams to a "280G gross-up payment" relating to reimbursement of certain excise taxes imposed by Section 4999 of the Internal Revenue Code of 1986, as amended.

Termination and Change of Control

The Company has entered into change of control agreements with the named executive officers. The Change of Control Agreements are designed to promote stability and continuity of senior management. Information regarding applicable payments under such agreements for the named executive officers is provided under the heading "Potential Payments upon Termination or Change of Control" on page 41.

Non-Qualified Deferred Compensation

The named executive officers, in addition to certain other executives, are entitled to participate in the Company's Non-Qualified Retirement and Savings Plan. Under the Non-Qualified Retirement and Savings Plan, eligible employees can defer up to 100% of earnings in excess of the limits prescribed by the Internal Revenue Service. The Company does not match or supplement executive contributions to this plan. The Non-Qualified Retirement and Savings Plan is discussed in further detail under the heading "Non-Qualified Deferred Compensation" on page 37.

Other Compensation

The Company provides other benefits to executive officers as well as all full-time employees. These benefits include the opportunity to participate in a Qualified Savings and Stock Investment 401K plan, medical and dental insurance plans, company paid group life and long-term disability plans, and paid time off.

Tax and Accounting Implications

Deductibility of Executive Compensation

As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. The Company believes that compensation paid under the management incentive plans is generally fully deductible for federal income tax purposes. However, in certain situations, the Committee may approve compensation that will not meet these requirements in order to ensure competitive levels of total compensation for its executive officers.

Non-Qualified Deferred Compensation

On October 22, 2004, the American Jobs Creation Act of 2004 was signed into law, changing the tax rules applicable to nonqualified deferred compensation arrangements. A more detailed discussion of the Company's nonqualified deferred compensation arrangements is provided on page 37 under the heading "Non-Qualified Deferred Compensation."

Accounting for Stock-Based Compensation

Beginning on January 1, 2006, the Company began accounting for stock-based payments including its Stock Option Program, Long-Term Stock Grant Program, Restricted Stock Program and Stock Award Program in accordance with the requirements of Financial Accounting Standards Board Accounting Standards Codification Topic 718, "Compensation – Stock Compensation" (ASC topic 718).

Vesting is based upon continued employment through the vesting date. All options will become immediately exercisable upon a change of control of the Company.

For 2010, the maximum potential non-equity incentive compensation as a percentage of base salary for the named executive officers were as follows: Mr. R. Adams – 75%; Mr. S. Wilson – 30%; Mr. Consagra – 55%; Mr. Hayhurst – 40%; and Mr. R. Adams, Jr. – 55%.

Employment Contracts of Named Executive Officers

Richard M. Adams, Chairman and Chief Executive Officer of United and United Bank (WV), entered into an employment contract with United effective February 28, 2011. The original term of Mr. R. Adams' employment contract was three years, with the provision that the contract could be extended annually for one (1) year to maintain a rolling five (3) year contract. This contract was amended on February 27, 2012 to provide for continued employment of Mr. Adams and to extend the term of the contract through March 31, 2015.

Under Mr. R. Adams' contract, if the contract is terminated for any reason other than cause, Mr. R. Adams, or his family or estate, is entitled to a lump sum payment equal to three times the sum of his prior year's base salary and target bonus. Under Mr. R. Adams' contract, cause is defined as based on (i) excessive, unapproved absences, (ii) gross or willful neglect of duty that results in some substantial loss to United, or (iii) fraud or commission of any criminal act, if proven. If the contract is terminated for cause, United must pay Mr. R. Adams' base salary only for the period of his active full-time employment to the date of termination. Under the contract, Mr. R. Adams is required to devote his full-time energies to performing his duties as Chairman and CEO on behalf of United and its subsidiaries. The contract provides for a base compensation of \$715,000 and additional benefits consistent with the office. This base compensation may be increased but not decreased.

Bank Owned Life Insurance (BOLI)

United has purchased BOLI policies covering several key company officers including the named executive officers. The purchase of BOLI represents a tax-advantaged financing strategy that permits the company to meet its increasing benefit liability obligations in a more cost-effective manner. The intent is to create an independent source of funds to recoup some of the benefit expenses. The policies' earnings, including death proceeds, will be used to offset and recover a portion of the costs to carry the policies. Interest earned on the cash value is not subject to tax unless the policies are surrendered or borrowed against before the insured's death. United earned the following approximate amounts of income in 2011 related to the BOLI policies on the named executive officers: Mr. R. Adams, \$268,000; Mr. S. Wilson, \$99,000; Mr. Hayhurst, \$90,000; Mr. Consagra, \$63,000; and Mr. R. Adams, Jr., \$39,000.

Employee Benefit Plans

Except for the Deferred Compensation Plan applicable to directors, no directors or principal shareholders of United and its subsidiaries, other than those persons who are salaried officers, participate in any type of benefit plan of United.

United's subsidiaries provide, on a substantially non-contributory basis for all full-time employees, including the named executive officers, life, and disability insurance. Life insurance with a value of 250% of base salary, up to a maximum benefit of \$1,000,000, is provided to all full-time employees, including executive officers. The premiums paid by United for life insurance on any individual, which has a face value greater than \$50,000 is properly reported as compensation. These plans do not discriminate, in scope, terms or operation, in favor of the executive officers of United or its subsidiaries and are available generally to all full-time salaried employees of United and its subsidiaries.

Pension Benefits

Pension Plan. The United Bankshares, Inc. Pension Plan is a defined benefit pension plan. It is a tax-qualified, broad-based plan generally available to all regular employees (with some exceptions) hired prior

to October 1, 2007. Participation is automatic for those employees hired before October 1, 2007 and begins on January 1 or July 1 after an eligible employee completes one (1) year of service (12 consecutive months during which the employee completes at least 1,000 hours of service) and reaches the age of 21.

Normal benefits under the Pension Plan are based on these factors:

- years of credited service
- compensation of the employee, and
- Social Security covered compensation.

An employee is 100% vested when the first of the following occurs:

- the employee completes at least 5 years of service or
- the employee reaches the normal retirement date or
- the employee reaches early or disability retirement (regardless of whether the employee actually retires).

For purposes of calculating benefits under the Pension Plan, compensation is generally the pay an employee receives from United, including any pre-tax savings under a 401(k) plan maintained by United and salary reductions under an Internal Revenue Code Section 125 plan. Compensation does not include overtime, bonuses or director's fees. Maximum compensation limits for benefit calculations are set by governmental rules. The limit is indexed and may change each year. For 2011, the limit was \$245,000.

The employee's average compensation is used to calculate his or her retirement benefit. Average compensation is the employee's average pay over the consecutive five years out of the last ten years with the Company that produces the highest average.

Benefits are paid under the Pension Plan when an employee retires. Retirement under the Pension Plan can be normal retirement, early retirement, delayed retirement or disability retirement.

If an employee retires at the normal retirement age of 65, then the employee's monthly normal retirement benefit is equal to the sum of 1.25% of average compensation and 0.5% of average compensation in excess of Social Security covered compensation, multiplied by years of service up to 25 years. If an employee terminates employment before his or her normal retirement date, the employee is entitled to his or her vested accrued benefit. The employee will receive the benefits upon early retirement or at his or her normal retirement date, whichever comes first.

An employee may elect early retirement after he or she reaches age 55 and has completed at least 5 years of service. The early retirement benefit is equal to the employee's accrued benefit as of his or her early retirement date. If payment of the early retirement benefit begins before the employee's normal retirement date, then the benefit is reduced.

Supplemental Executive Retirement Agreements. United has entered into Supplemental Retirement Agreements ("SERPs") with each of its named executive officers to encourage such officers to remain employees of United. The SERPs are designed to provide a certain level of post-retirement income to the individuals who have a significant impact on the long-term growth and profitability of United. A more detailed description of the SERPs begins on page 38 of this Proxy Statement.

The following table shows the present value of the accumulated benefit under the Pension Plan and the SERPs as well as the years of credited service for each of the named executive officers. The values in the table reflect the actuarial present value of the named executive officer's accumulated benefit under each plan, computed as of December 31, 2011.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
Richard M. Adams	Pension Plan	43	\$1,115,957	—
	SERP	43	\$4,650,058	—
Steven E. Wilson	Pension Plan	40	\$ 985,208	—
	SERP	40	\$ 306,738	—
James B. Hayhurst, Jr.	Pension Plan	40	\$1,059,576	—
	SERP	40	\$ 422,585	—
James J. Consagra, Jr.	Pension Plan	14	\$ 274,973	—
	SERP	14	\$ 511,194	—
Richard M. Adams, Jr.	Pension Plan	17	\$ 214,690	—
	SERP	17	\$ 461,643	—

The present value of the accumulated benefit for both the SERP and the Pension Plan benefits was calculated using the following weighted-average assumptions: discount rate of 5.15%; compensation increase rate of 3.75% prior to age 45 and 2.75% otherwise; and an investment return of 8.00%. Benefits under both the Pension Plan and the SERP are based on annual base salary and do not include bonuses, directors' fees, expense reimbursements, and employer contributions to retirement plans. For Mr. R. Adams, Mr. Hayhurst, and Mr. S. Wilson, the annual benefit under their SERP is further reduced by fifty percent of the annual benefits payable at retirement under Social Security, annual benefits payable at retirement under the Pension Plan and benefits attributable to the portion of the named executive officer's account balances arising from the Company's contributions to United's Savings and Stock Investment Plan.

Benefit figures shown are computed on the assumption that participants will retire at the earliest time available under the plan without any benefit reduction due to age. For the Pension Plan, the earliest retirement age is 55. For the SERPs, the earliest retirement ages without benefit reduction due to age for the named executive officers are as follows: Mr. R. Adams – 65; Messrs. Hayhurst and S. Wilson – 65; Messrs. Consagra and R. Adams, Jr. – 60.

The Pension Plan and the SERP are designed to work together to provide each named executive officer with a certain level of benefits. Social Security benefits are deducted from the annual benefits payable under the Pension Plan. The annual benefits under the amended SERP for Messrs. R. Adams, Hayhurst, and S. Wilson are reduced by (i) fifty percent of the annual benefits payable at retirement under Social Security, (ii) the Pension Plan and (iii) the benefits attributable to the portion of the named executive officer's account balances arising from the Company's contributions to the United's Savings and Stock Investment Plan.

As a general rule, United does not grant extra years of service under the Pension Plan and the SERP. Exceptions may occur, however, in the case of mergers and acquisitions.

Other Employee Plans

Each employee of United, including named executive officers, who completes ninety (90) days of qualified service, is eligible to participate in the United Bankshares, Inc. Savings and Stock Investment Plan, a qualified deferred compensation plan under Section 401(k) of the Internal Revenue Code. Each participant may contribute from 1% to 100% of compensation to his/her account, subject to Internal Revenue Service maximum deferral limits. United will match 100% of the first 3% of salary deferred and 25% of the next 1% of salary deferred with United stock. Vesting is 100% for employee deferrals and the company match at the time the employee makes his/her deferral.

United employees may participate in an employee stock purchase plan whereby its employees may purchase shares of United's common stock. Purchases made by employees under this plan are coordinated by the Personnel and Shareholder Relations Department of United Bank (WV), and involve stock purchased at market price for this purpose.

Non-Qualified Deferred Compensation

United provides a Non-Qualified Retirement and Savings Plan (the "Non-Qualified Plan"), which was amended and restated in November of 2008 to comply with Internal Revenue Code Section 409A, to provide a supplemental savings program for certain employees of the Company who are unable to make meaningful contributions to the United Savings and Stock Investment Plan. This plan is intended to benefit a select group of management or highly compensated employees of the Company. Each participant may elect to defer any percentage of his or her salary and bonus as a supplemental savings contribution. Participants may elect the manner in which their deferral contributions are deemed to be invested provided that no investments are made in assets located outside of the United States.

Participants are not entitled to the Non-Qualified Plan benefits prior to their date of employment termination. The benefits under the Non-Qualified Plan upon a participant's retirement, disability or termination of employment are paid either as a single lump sum or substantially equal installments over a period of not less than three nor more than ten years as elected by the participant. Upon death of a participant, his or her named beneficiary(ies) will receive such participant's benefits payable under the Non-Qualified Plan.

Each investment is subject to market risk. The degree of market risk varies by investment.

The following table shows the contributions, earnings and year-end balances for 2011 with respect to non-qualified deferred compensation plans for the named executive officers:

Potential Payments upon Termination or Change in Control

Supplemental Executive Retirement Agreements. On July 27, 1990, United entered into a Supplemental Retirement Agreement (“SERP”) with Mr. Richard M. Adams. The agreement was amended on November 1, 2001, and was further amended in November of 2008 to comply with Internal Revenue Code Section 409A. This amended agreement provides for an annual supplemental retirement benefit upon his reaching age 65 or upon the later termination of his employment with United or an affiliated or successor entity to United, whichever last occurs. The SERP was subsequently amended and restated in November of 2008 to comply with the requirements of Internal Revenue Code Section 409A.

On February 28, 2011, the agreement was further amended to change the benefits payable under the SERP. Under the amended agreement, the annual benefit will be equal to seventy percent (70%) of the average of Mr. R. Adams’ three highest base salaries, reduced by (1) fifty percent of benefits paid upon retirement under Social Security, (2) annual benefits payable upon retirement under the Pension Plan, and (3) the annual

amount of benefits payable to Mr. R. Adams upon his normal retirement age, on a single life annuity basis, attributable to the portion of Mr. R. Adams' account balances arising from employer contributions under the United Savings and Stock Investment Plan.

The amended agreement continues to provide for reduced benefits for early retirement before age 65 as well as payments to his spouse or his estate if unmarried in the event of his death. The benefits under the amended agreement are fully vested in Mr. R. Adams and survive his termination of employment from United or an affiliated or successor entity to United for whatever reason, including but not limited to, change in control, dismissal with or without cause, voluntary termination, expiration of contract or disability.

On October 1, 2003, United entered into SERPs with the named executive officers, Richard M. Adams, Jr., James J. Consagra, Jr., James B. Hayhurst, and Steven E. Wilson to encourage them to remain an employee of United. These Supplemental Retirement Agreements were amended in November of 2007 to add a death benefit payable to the participant's beneficiary and in November of 2008 in order to comply with Internal Revenue Code Section 409A.

On February 28, 2011, the SERPs for Messrs. Hayhurst and S. Wilson were amended to change the benefits payable under the SERPs. The amended agreements for Messrs. Hayhurst and S. Wilson provides that each of these participating executive officers, when retiring at age 65 or later, receive an annual benefit equal to seventy percent (70%) of the executive officer's total base salary projected to be in effect at age 65 reduced by (1) fifty percent of benefits paid upon retirement under Social Security, (2) annual benefits payable upon retirement under the Pension Plan, and (3) the annual amount of benefits payable to the executive upon his normal retirement age, on a single life annuity basis, attributable to the portion of the executive's account balances arising from employer contributions under the United Savings and Stock Investment Plan. The annual benefit will be paid monthly for a period of fifteen (15) years. The executive may retire early at the age specified in the SERPs and receive a benefit equal to 60% of the executive's final pay based on the same provisions set forth above.

The SERPs for Mr. Consagra and Mr. R. Adams, Jr. provide that each will receive, at the age set forth in the SERPs, an annual benefit equal to \$100,000, paid in monthly installments for a period of fifteen (15) years. If Mr. Consagra or Mr. R. Adams, Jr. retires or leaves employment early, the executive will receive an accrual benefit set forth in a Schedule to the SERP, subject to a ten (10) year vesting schedule. This early termination benefit will be paid monthly for a period of fifteen (15) years starting at the date of separation of service for a separation of service at or after age 60 or starts at age 60 for a separation from service before the age of 60.

Change of Control Agreements. In March of 1994, United entered into agreements with named executive officers Steven E. Wilson and James B. Hayhurst, Jr. to encourage those executive officers not to terminate their employment with United because of the possibility that United might be acquired by another entity. In August of 2000, United entered into similar change of control agreements with named executive officers Richard M. Adams, Jr. and James J. Consagra, Jr. The Change in Control Agreements were subsequently amended and restated in November of 2008 to comply with the requirements of Internal Revenue Code Section 409A. The Board of Directors determined that such an arrangement was appropriate, considering the entry of large regional bank holding companies into United's market areas. The agreements were not undertaken in the belief that a change of control of United was imminent.

Generally, the agreements provide severance compensation to those officers if their employment should end under certain specified conditions after a change of control of United. Compensation is paid upon any

involuntary termination within two years following a change of control unless the officer is terminated for cause. In addition, compensation will be paid after a change of control if the officer voluntarily terminates employment within two years of a change in control because of a decrease in the total amount of the officer's base salary below the level in effect on the date of consummation of the change of control, without the officer's consent; a material reduction in the importance of the officer's job responsibilities without the officer's consent; geographical relocation of the officer without consent to an office more than fifty (50) miles from the officer's location at the time of a change of control; failure by United to obtain assumption of the contract by its successor or any termination of employment within thirty-six (36) months after consummation of a change of control which is effected for any reason other than good cause.

Under the agreements, a change of control is defined in Section 409A and the regulations issued thereunder and includes:

- a change in the ownership of United which is defined to occur on the date that any one person, or more than one person acting as a group, acquires ownership of stock of United that, together with stock held by such person or group, constitutes more than 50 percent of the total fair market value or total voting power of the stock of United,
- a change in the effective control of United, which is defined to occur on (1) the date any one person, or more than one person acting as a group, acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) ownership of stock of United possessing 30% or more of the total voting power of United, and also to occur on (2) the date a majority of members of United's board of directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of United's board of directors before the date of the appointment or election, and
- a change in the ownership of a substantial portion of United's assets which is defined to occur on the date that any one person, or more than one person acting as a group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) assets from United that have a total gross fair market value equal to or more than 40% of the total gross fair market value of all of the assets of United immediately before such acquisition or acquisitions. For this purpose, gross fair market value means the value of the assets of United, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets.

Under the agreements, severance benefits include: (a) cash payment equal to the officer's monthly base salary in effect on either (i) the date of termination; or (ii) the date immediately preceding the change of control, whichever is higher, multiplied by the number of full months between the date of termination and the date that is thirty-six (36) months after the date of consummation of the change of control; (b) payment of a pro-rata amount of the cash incentive award, if any, awarded to executive under United's Incentive Plan; and (c) continuing participation in employee benefit plans and programs such as retirement, disability and medical insurance for the period of time during which the officer would be entitled (or would, but for such plan, be entitled) to continuation coverage under a group health plan of the service recipient under Code section 4980B (COBRA) if the officer elected such coverage and paid the applicable premiums, but in no event shall such period exceed thirty-six (36) months following the date of termination.

The agreements do not affect the right of United to terminate the officer, or change the salary or benefits of the officer, with or without good cause, prior to any change of control; provided, however, any termination or change which takes place after discussions have commenced which result in a change of control

will be presumed to be a violation of the agreement and will entitle the officer to the benefits under the agreement, absent clear and convincing evidence to the contrary if such termination or change takes place within two years after the change of control.

The following table shows the potential incremental value transfer to each named executive under various employment scenarios. The table was prepared as though each named executive officer's employment was terminated on December 30, 2011 (the last business day of 2011). The amounts under the row labeled "If Change in Control (CIC) Termination Occurs during FY 2011" assume that a change in control occurred on December 30, 2011. We are required by the Securities and Exchange Commission to use these assumptions. With those assumptions taken as a given, the Company believes that the remaining assumptions listed in the footnotes below, which are necessary to produce these estimates, are reasonable in the aggregate. However, the executives' employment was not terminated on December 30, 2011, and a change in control did not occur on that date. There can be no assurance that a termination of employment, a change in control or both would produce the same or similar results as those described if either or both of them occur on any other date or at any other price, or if any assumption is not correct in fact.

Footnotes:

- (1) The benefits listed in the row entitled "If Change in Control (CIC) Termination Occurs during FY 2011" are payable upon the happening of any of the following events within two years after a change in control: (i) involuntary termination unless the officer is terminated for cause; or (ii) voluntarily termination of the officer's employment because of (A) a decrease in the total amount of the officer's base salary below the level in effect on the date of consummation of the change of control, without the officer's consent, (B) a material reduction in the importance of the officer's job responsibilities without the officer's consent, (C) geographical relocation of the officer without consent to an office more than fifty (50) miles from the officer's location at the time of a change of control, or (D) failure by United to obtain assumption of the contract by its successor.
- (2) Mr. R. Adams' severance benefit under an involuntary not for cause termination, voluntary termination within six months after a CIC, death or disability was equal to 3 times his base salary. If the termination for cause is based solely upon (i) excessive absenteeism without approval by United, not caused by disability, (ii) gross or willful neglect of duty resulting in some substantial loss to United after Mr. R. Adams has been given written direction and reasonable time to perform such duties, or (iii) any acts or omissions on the part of Mr. R. Adams which when proven constitute fraud or commission of any criminal act involving the person or property of others or the public generally, or any combination of the above, United must pay Mr. R. Adams' base salary only up until termination. Otherwise, if Mr. R. Adams is terminated for any other cause, his severance benefit was equal to 3 times his base salary. Assuming the CIC occurred on December 30, 2011, the value of Mr. R. Adams' stock options would have been \$357,600 which was calculated using the difference between the price per share of the Company's stock on the date of CIC (\$28.27 per share) and the option exercise price (\$22.31) multiplied by the number of options that would have vested (60,000). If Mr. R. Adams becomes completely disabled, he is eligible for disability benefits of \$25,000 per month up until age 65. Mr. R. Adams is fully vested in the benefits under his SERP Agreement for CIC, dismissal with or without cause, voluntary termination, expiration of contract or disability. Upon Mr. R. Adams' death, his named beneficiary(ies) will receive a benefit of \$1,788,000 from a company-paid life insurance policy.

- (3) Mr. Wilson's severance benefit for certain terminations within two years after a CIC is equal to his monthly base salary in effect on either (i) the date of termination; or (ii) the date immediately preceding the CIC, whichever is higher, multiplied by the number of full months between the date of termination and the date that is thirty-six (36) months after the date of consummation of the change in control. Also, Mr. Wilson is entitled to receive an additional payment equal to a pro-rata amount of the cash incentive award, if any, awarded to him under United's Incentive Plan for the prior year, and to participate in health care, life insurance and disability prerequisites for the period of time during which he would be entitled (or would, but for such plan, be entitled) to continuation coverage under a group health plan of the service recipient under Code section 4980B (COBRA) if he elected such coverage and paid the applicable premiums, but in no event shall such period exceed thirty six (36) months following the applicable termination within two years after a CIC. Assuming the CIC occurred on December 30, 2011, the value of Mr. Wilson's stock options would have been \$59,600 which was calculated using the difference between the price per share of the Company's stock on the date of CIC (\$28.27 per share) and the option exercise price (\$22.31) multiplied by the number of options that would have vested (10,000). If Mr. Wilson becomes completely disabled, he is eligible for disability benefits of \$10,000 per month up until age 65. Upon Mr. Wilson's death, his named beneficiary(ies) will receive a benefit of \$644,000 from a company-paid life insurance policy.
- (4) Mr. Hayhurst's severance benefit for certain terminations within two years after a CIC is equal to his monthly base salary in effect on either (i) the date of termination; or (ii) the date immediately preceding the CIC, whichever is higher, multiplied by the number of full months between the date of termination and the date that is thirty-six (36) months after the date of consummation of the change in control. Also, Mr. Hayhurst is entitled to receive an additional payment equal to a pro-rata amount of the cash incentive award, if any, awarded to him under United's Incentive Plan for the prior year and to participate in health care, life insurance and disability prerequisites for the period of time during which he would be entitled (or would, but for such plan, be entitled) to continuation coverage under a group health plan of the service recipient under Code section 4980B (COBRA) if he elected such coverage and paid the applicable premiums, but in no event shall such period exceed 36 months following the applicable termination within two years after a CIC. Assuming the CIC occurred on December 30, 2011, the value of Mr. Hayhurst's stock options would have been \$74,500 which was calculated using the difference between the price per share of the Company's stock on the date of CIC (\$28.27 per share) and the option exercise price (\$22.31) multiplied by the number of options that would have vested (12,500). Upon Mr. Hayhurst's death, his named beneficiary(ies) will receive a benefit of \$600,000 from a company-paid life insurance policy.
- (5) Mr. Consagra's severance benefit for certain terminations within two years after a CIC is equal to his monthly base salary in effect on either (i) the date of termination; or (ii) the date immediately preceding the CIC, whichever is higher, multiplied by the number of full months between the date of termination and the date that is thirty-six (36) months after the date of consummation of the change in control. Also, Mr. Consagra is entitled to receive an additional payment equal to a pro-rata amount of the cash incentive award, if any, awarded to him under United's Incentive Plan for the prior year to participate in health care, life insurance and disability prerequisites for the period of time during which he would be entitled (or would, but for such plan, be entitled) to continuation coverage under a group health plan of the service recipient under Code section 4980B (COBRA) if he elected such coverage and paid the applicable premiums, but in no event shall such period exceed thirty six (36) months following the applicable termination within two years after a CIC. Assuming the CIC occurred on December 30, 2011, the value of Mr. Consagra's stock options would have been \$119,200 which was calculated using the difference between the price per share of the Company's stock on the date of CIC (\$28.27 per share) and the option exercise price (\$22.31) multiplied by the number of options that would have vested (20,000). If Mr. Consagra becomes completely disabled, he is eligible for disability benefits of \$10,000 per month up until age 65. Upon Mr. Consagra's death, his named beneficiary(ies) will receive a benefit of \$679,063 from a company-paid life insurance policy.
- (6) Mr. R. Adams, Jr.'s severance benefit for certain terminations within two years after a CIC is equal to his monthly base salary in effect on either (i) the date of termination; or (ii) the date immediately preceding the CIC, whichever is higher, multiplied by the number of full months between the date of termination and the date that is thirty-six (36) months after the date of consummation of the change in control. Also, Mr. R. Adams, Jr. is entitled to receive an additional payment equal to a pro-rata amount of the cash incentive award, if any, awarded to him under United's Incentive Plan for the prior year and to participate in health care, life insurance and disability prerequisites for the period of time during which he would be entitled (or would, but for such plan, be entitled) to continuation coverage under a group health plan of the service recipient under Code section 4980B (COBRA) if he elected such coverage and paid the applicable premiums, but in no event shall such period exceed 36 months following the applicable termination within two years after a CIC. Upon a CIC, Mr. R. Adams, Jr.'s unvested options would immediately vest. Assuming the CIC occurred on December 30, 2011, the value of Mr. R. Adams, Jr.'s stock options would have been \$119,200 which was calculated using the difference between the price per share of the Company's stock on the date of CIC (\$28.27 per share) and the option exercise price (\$22.31) multiplied by the number of options that would have vested (20,000). If Mr. R. Adams, Jr. becomes completely disabled, he is eligible for disability benefits of \$10,000 per month up until age 65. Upon Mr. R. Adams, Jr.'s death, his named beneficiary(ies) will receive a benefit of \$651,000 from a company-paid life insurance policy.

- (1) Amounts in this column reflect the aggregate grant date fair value computed in accordance with FASB ASC topic 718 for stock options granted pursuant to United's 2006 Stock Option Plan. The grant date fair value was calculated using a binomial lattice option pricing model based on a weighted average fair value of \$7.91 per option granted in 2011. The assumptions used in determining the valuation of these options using this methodology were as follows: average expected option life of 6.15 years; risk-free interest rate of 2.53%; a volatility factor of 0.3523; and a dividend yield of 3.00%.
- (2) In 2011, Mr. Doll received a salary of \$100,000 as Chairman of the UB(VA) Board of Directors which is not included in the table above. Included in Mr. Doll's "Other Compensation" are amounts reimbursed for medical insurance premiums in the amount of \$6,000 and perquisites in the amount of \$14,400 which Mr. Doll receives in his capacity as Chairman of the UB(VA) Board of Directors. The perquisites consist of \$14,400 for an automobile allowance.
- (3) Mr. Leech and Mr. Nesselroad were added to the Board of Directors in July of 2011 with the acquisition of Centra Financial Holdings, Inc.

- (4) Mr. McNamara received \$258,555 in 2011 under a SERP Agreement United assumed in the acquisition of Sequoia Bancshares, Inc. which is not included in the table above.
- (5) Mr. Unger's "Other Compensation" consists of \$60,000 received for services performed under a contract as an independent contractor and the personal use of a company automobile.
